48 mm

Notes

- Make sure to turn off 'scale to fit' in printer prefs before printing.
- Score card firmly on fold lines before folding.
- For best results cut with fine pointed knife and metal safety ruler. Please be careful, and supervise children. I'm not responsible for cut fingers!
- Superglue or similar is best for gluing the tabs.
- Use the thickest card your printer will take. I used approx 300gsm
